2024 Indiana Society of American Foresters Forest Pesticide Training Program

Wednesday, November 20th, 2024 Agenda

8:30-8:55 am, Refreshments

8:55 – Welcome and program information

9:00 – 9:45 am, Joe Becovitz – Ch-Ch-Ch-Changes to Indiana Pesticide Law

9:45 – 10:15 am, Tom Crowe & Mike Werling, Cover crops for tree seedling establishment and weed control

10:15-10:45 am, Phil Marshall – Forest Health Update

10:45 - 11 am, Break

11:00-11:30, Vince Burkle, IDNR Entomology and Plant Pathology – SLF Management and Treatments

11:30 – 12:00 Dan Shaver- NRCS Payment Scenarios, Herbicide Use, and Implementation

12-1:15 pm, Lunch on your own

1:15 – 2 pm, Bob Bruner – Zig Zag sawfly and EAB treatments

2-2:45 pm, Jack Seifert – Planting a million trees – weed control and establishment methods

2:45 – 3pm break

3:00 – 4 pm, Fred Whitford – The science behind spray nozzle charts

4 pm, CCH paperwork and adjourn – **thank you for attending!**

Please remember to bring your pesticide applicator license number and your SAF or CF number to apply for credits. If you forgot your license number, you may use the last 4 digits of your Social Security number. Check the OISC applicator site to confirm your CCH credits. It may take a few weeks to post on your records, and recognize that when your 5-year recertification occurs, your credit balance will return to zero. Questions about your credit balance and certification should be addressed to the OISC. If you signed the workshop form at the end of the program, I can provide you with proof of attendance for this program if needed.

<https://inplants.oisc.purdue.edu/USAPlantsIN/ApplicatorLogin.aspx>

You must attend the entire program to receive full credit. If you arrive late or must leave early, please see Lenny Farlee to sign for partial credits.

Parking is available at the Conference Complex. There are several fast food and sit-down restaurants near the complex and in Downtown Danville. Additional restaurants are available east of Danville on US 36. This program is provided by the Indiana Society of American Foresters with the cooperation of Purdue University Forestry and Natural Resources Extension and the Hardwood Tree Improvement and Regeneration Center.
